Attn: Scott

Dear Scott:

Just a note of many thanks regarding the recent installation of the new Carrier central system in our home. Your prompt and courteous service was very much appreciated and will be remembered.

Also I (we) want to thank you for sending two very professional and friendly technicians to do the job. I don't remember their names, but none the less, they knew what they were doing and stayed with it until completion. Our heartfelt thanks to them for getting us cooled off so quickly.

You also have a very friendly and courteous young lady, Amy, working in your office. Our thanks to her also.

We would, and will, recommend your company to anyone seeking your type of service. You have our permission to use this letter in any way you wish, including sharing it with your dad, the technicians and also Amy.

Sincerely yours,

Elmer & Gwen Miller

To whom it may concern:

I would like to let the Supervisor of Mike Granier and Jason Hale know that they did a wonderful job putting in my Air Conditioner. They certainly were very professional and did a super job and I am very pleased with their work.

I am very glad that I chose Vanderbrook for the job.

Thank you very much,

Scott,
Just wanted to let you know I am very well pleased with my new unit. I want to thank you for scheduling so quickly after we touched base. I was impressed by the two installers (I forgot their names) Before they left they checked every vent in the house to make sure they were putting out cold air. I call that being very thorough. It was a pleasure doing business with Vanderbrook.

Sincerely,
Mary F. Roussel

I'll always trust VANDERBROOK with my air conditioning.
Your guys sure knew what they were doing……

Thanks,
Tom R.
